

Get a clear view of the world
- with the VELFAC Bi-parting Sliding door

VELFAC®

LIGHT, AIR AND QUALITY OF LIFE...

At VELFAC we believe in light and air. And we believe in windows and doors that help bring about comfortable and beautiful buildings with good indoor climate.

For that reason we have created a new bi-parting sliding door.

The new construction provides an extra wide opening that draws in the light, supports frequent passage and the full use of both outdoor and indoor environment.

HOW ABOUT A 16:9 FORMAT VIEW?

As with all VELFAC products, the bi-parting sliding door is bespoke and tailored to meet the measurements of each individual project. Thanks to the unique construction encompassing a sliding post, there are no barriers to neither view, light nor passage when both sashes are pushed to the sides.

The VELFAC slimframe design ensures that the facade will appear as a visual whole even when various opening units such as tophung or reversible opening windows are combined with the bi-parting sliding door.

At the same time VELFAC windows and doors are at the forefront of optimizing energy efficiency achieving U-values as low as 0.9W/m²k.

HOW TO BUY YOUR NEW SLIDING DOOR

1 Be inspired

For inspiration visit the VELFAC website; www.VELFAC.co.uk

2 Get a quote

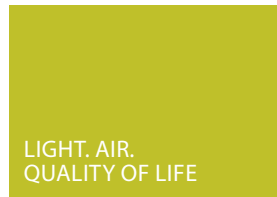

Post or e-mail drawings, a photo with dimensions or your schedule/specification for the bi-parting sliding door to us and we will provide you with a competitive quote. Send your enquiry to VELFAC Direct, using the address on the back cover of this brochure, or email it to: directestimating@velfac.co.uk.

3 Place your order

Once we have received a written confirmation and a 10% deposit we can secure a date for delivery and you will be contacted by one of our project co-ordinators who will request all the information necessary to finalise the details of the order.

4 Payment, delivery and installation

Payment is due seven days prior to dispatch. Your new door will be delivered directly to your address ready to install. VELFAC can assist you in finding an Approved Joiner to install the VELFAC bi-parting sliding door.

MAKING IT SIMPLE

Is space and making the best use of space a concern?

The VELFAC bi-parting sliding door not only takes up very little space when opened and left open, it also provides easy access to areas such as outdoor kitchen, garden and terrace. For this reason, it is especially suited for any project focused on full utilization of space, such as narrow terraces or balconies.

At our website, www.VELFAC.co.uk, you will find details on the bi-parting sliding door – along with a wide range of other VELFAC solutions.
